The Z-ECO Orthodontic Line provides simplistic functionality and a modern design, enabling the operator to work easily and efficiently while maintaining optimal patient comfort. With several accessory options and configurations available, it's easy to see how the Z-ECO Orthodontic Line can enhance any practice.

Since its founding in 1998, ZAKTON LLC has been an internationally recognized manufacturer of high quality, durable dental equipment. Made in Fort Lauderdale, Florida, the Z-ECO line of chairs provides the user with proven functionality, dependable mechanics, and undeniable value.

Constructed with steel, the Z-ECO Chairs are designed to last a lifetime. With a quiet and smooth operation the chairs are comfortable, easy to use, and virtually maintenance free. Providing innovative solutions to any dental practice is our goal. We aim to sustain consistent quality in our dental equipment, and we stand by our mission by providing an industry leading five (5) year warranty.

The satisfaction of our customers is paramount, which is why our dedicated customer service team and highly skilled technical service department provide our customers with the support they need from their dental equipment manufacturer.
